TINA JOHNSON

PROFESSIONAL SUMMARY

Tina is a hard-working associate software developer who after 10 years as a Pastry Chef, has extensive experience in project management, working with a team, and interacting with clients. She is a recent graduate from both Thinkful's full-immersion software engineering bootcamp which had a focus on full-stack development, and the Fastrack Java developer program. Tina is also currently attending the University of the People for a Bachelor of Computer Science. She has a love of artistry and small details and hopes to use her strong artistic background to build dynamic and responsive web applications with clean and beautiful user interface designs.
